

WALKING 
WITH DINOSAURS
THE ARENA SPECTACULAR

SANTA ANA STAR CENTER

Introduction

Dinosaurs again roam the earth in a spectacular theatrical award-winning arena show, **WALKING WITH DINOSAURS – The Arena Spectacular**. **WALKING WITH DINOSAURS – The Arena Spectacular** is now on tour in North America and for the first time in New Mexico, will host **9 performances only** at the **Santa Ana Star Centre in March, 2010**

The show depicts the dinosaurs' evolution, complete with the climatic and tectonic changes that took place, which led to the demise of many species. With almost cinematic realism, **WALKING WITH DINOSAURS** has scenes of the interactions between dinosaurs, and the audience sees how carnivorous dinosaurs evolved to walk on two legs, and how the herbivores fended off their more agile predators.
